Defense May Decide to Put Accused against each other. on Stand to Let Jury Judge for Itself as to Prisoner's Present Mental Condition-Mrs. William Thaw Issues Another Statement,

New York, Feb. 23 .- The announcement that District Attorney Jerome expected to make a move in the Thaw case that would be a bad blow to the defense caused no end of uneasiness to-day, not only to Thaw and his wife, but to Thaw's several lawyers. It was accepted by Thaw and his wife and the lawyers that the only move Jerome could make was an application for a lunacy commission to determine whether or not Thaw is now

While no official statement has been made by Jerome as to what he intends to do, the Thaw lawyers took occasion today to say that they would fight to the end the appointment of a commission. Jerome was tackled on all sides for an explanation of what he intends to do, but he would give no hint. It is said that which leaves no way open to a solution. Mrs. Thaw called on her husband in the Tombs this morning and talked with him for over two hours. His mother also called, but she did not stay as long. After she left the Tombs she went to Lawyer Hartridge's office. There she had a long and spirited talk with Hartridge. Mrs. Thaw was put out very much about a positive statement in one newspaper that Jerome would ask for a lunacy ission. After Mrs. Thaw had left, Hartridge gave out a statement which he was anxious should be printed just as he made it. It was as follows:
